

local treatment so uniformly insisted upon by physicians. The saddest thought of all is that all this agony of body and mind is absolutely

unnecessary.
"Female weakness" can be cured—sure unnecessary.

"Female weakness" can be cured—surcly, speedily, —without exposure, with slight expense—without leaving your own home. Dr. Pierce's Favorite Prescription will cure any disorder or disease of the organs distinctly feminine. No matter how hopeless you think your case—no matter how many doctors have told you that you were incurable—no matter what you have done or left undone, the "Favorite Prescription" will cure you. Perhaps its greatest usefulness is in preparing women for the ordeal of child-birth. Taken during the expectant period it practically eliminates pain and danger at the time of parturition.

Miss Lauretta McNees, of Reno (P. O. Box 723). Washoe Co., Nev., writes: "Thave discontinued taking the "prescription" and will not take any more (at present). Last mouth I had no pain at all and worked every day without any inconvenience whatever. It was the first time I never had pain during that period. I cannot say too much for your medicines, especially the "Fraorite Prescription" and "Pleasant Pellets." I know of a lady in the family way who took one bottle of your "Favorite Prescription" and she says she was not sick like she was with her first baby. This was her second baby. She thinks it a grand medicine. So do I."

For constipation, the true, scientific cure is Dr. Pierce's Pellets. Mild, harmless, yet sure. No other pill can compare with them.

GUARDS DISMISSED.

The change of administration has remove a burden of care from the bureau of the secret service. From this time on its detectives will not be called on to guard the President at all hours of the day and night, assuming responsibility ter his safety. This task has been theirs for the last four years, during which Mr. Cleveland may be said to have es: surrounded always by a cordon of Hawkshaws. Even at Gray Gables scutties took watch and watch about the house. Whenever he made the trip between Buzzard's Bay and the capital government detectives accomanied him, and in New York the metropolitan police force was called on to help take care of him.

Mr. Thurber always claimed that his bief knew nothing of these precauyoud question that Mr. Cleveland eared assassination. Threatening let-ters are frequently received at the White House, and cranks of all sorts constantly besiege the mansion. There is always the possibility of another Guiteau, and it cannot be denied tha Major McKinley is taking some chances when he dispenses with the guards who have been accustomed to protect the body of the President. Even at receptions two men of great cuscular strength invariably stood lose to Mr. Cleveland, ready at an ntant's notice to seize any person wio

Meanwhile, the chief of the secret service will be able to devote his attenion exclusively to catching rogues who try to swindle the government. It is not the business of the Treasury Bureau to take charge of the President of the United States, and the money appropriated by Congress for its sup-port ought not to be diverted to the payment of detectives to watch the White House and to accompany the Chief Executive on his travels. In this matter Major McKinley has accomplished a useful reform.—N. Y. Advertiser.

BURNED AT THE STAKE,-The litt'e village of Staatsburg, ten miles from Poughkeepsie, N. Y., is in a state of excitement over a schoolboy prank which was played on Friday on Willie Terpening and Allie Burger, two lads bout ten years old.

The hazing was an attempt to burn he boys at the stake Indian fashion. It happened during the noon recess, when half a dozen of the schoolboys wandered off into the woods west of the village school.

The ages of the "boy Indians" range

from nine to sixteen years. When they were out of sight of the school house young Terpening and Burger were sud-denly seized and tied to a tree, and then the would-be savages piled up dry leaves around them and applied a match. As the mass of tinder blazed up the boys ran out of the woods Frank McWharney, however, returned to the victims and released them. The other lads were later captured by Truant Officer Heas a few miles in the

Action will be taken by the parents of the victims, who were really more scared than hurt.
